Ntsika Architects

Ntsika Architects believes they have
an important role to play, as
architects, in the shaping of the
environment in which we live, in order
to create better life for all. Ntsika
Architects is a design-driven practice
that strives at becoming a 'model of
excellence' in every respect of design
and business. They are committed to
designing great buildings for their
clients and improving the
environment for the end-users and
greater public. They believe that good
design transforms the quality of the
environment and aim to provide an
architecture that is innovative,
sustainable, an imaginative response
to context and a pleasure to
experience.
